

Wayne County Commercial Assessment

Microsolve Manual

The following manual will walk you step by step on how to access the Microsolve system to get Commercial Cost Reports

Note - You must be a licensed assessor to access the Microsolve system. You will also need to have the Assessor2k program open to access the login credentials

Step 1 - Connect

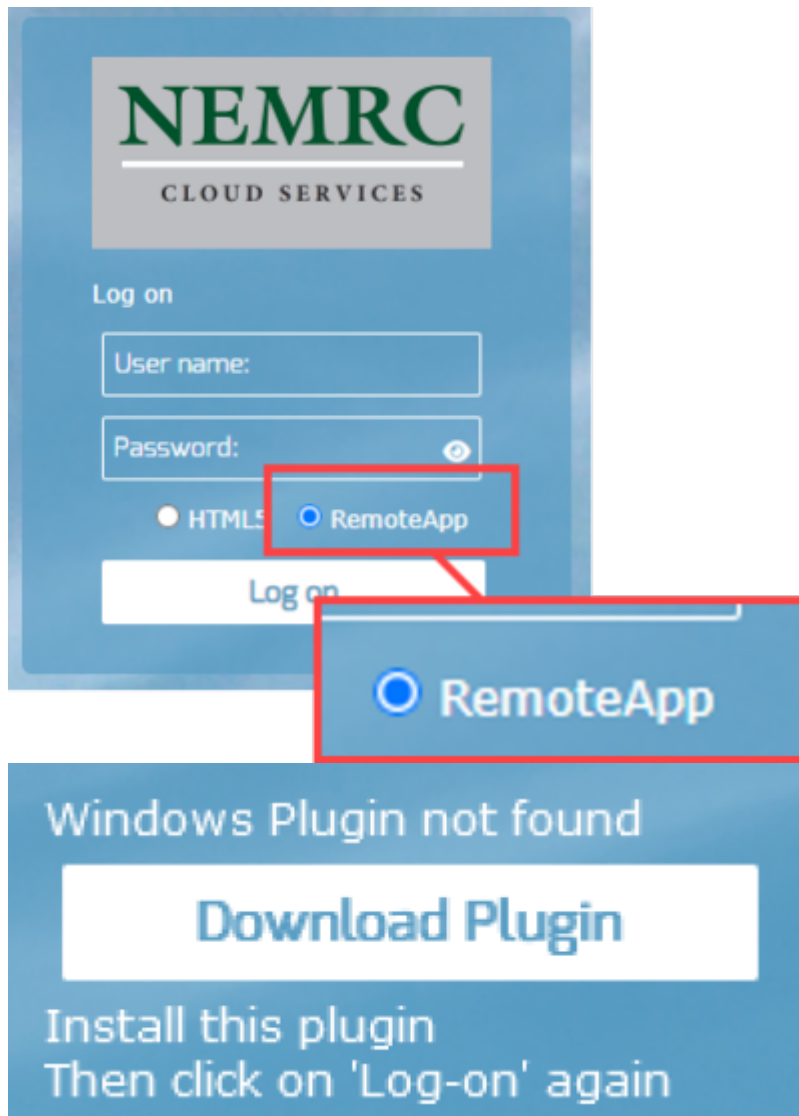

Since Microsolve is an cloud based resource, you must first go to the website to log in. Click the following link or type into your internet browser's address bar: <https://cloud.nemrc.com/>

Step 2 - Enter Credentials Now that you are at the login page, you must put in the credentials. You will also notice, just above the "Log on" button, there are 2 radio buttons. You want to make sure that the "Remote Desktop App" button is selected.

Access Credentials in Assessor2k

If you are a licensed assessor, you can click the [Microsolve Credentials] button in the "Assessors" tab on the Master Menu to view the login for NEMRC Cloud Services. This will be invisible to users without an assessment license.

NOTE: If it is your first time logging in, or your first time in a while, you may receive an extra message saying, “Windows Plugin not found”. You can click on the “Download Plugin” button.

<html> <h3 style="font-weight: bold;">Step 3a - Run the Program </h3> </html>

You will now be prompted by your browser asking for permission to run the program. Each browser displays a differently, but you want to allow the program to run. Then you will see a “pop-up” window that displays the app is starting.

<html> <p style="font-weight: bold; text-align:center; font-size: 20px;">Google Chrome</p>

<center></html>

<html> <p style="font-weight: bold; text-align:center; font-size: 20px;">Mozilla Firefox</p>

<center></html>

<html> <p style="font-weight: bold; text-align:center; font-size: 20px;">Microsoft Edge</p>

<center></html>

Step 3b - Run the Program

You will now see a program window open with two files in it. Double click on the Cama option

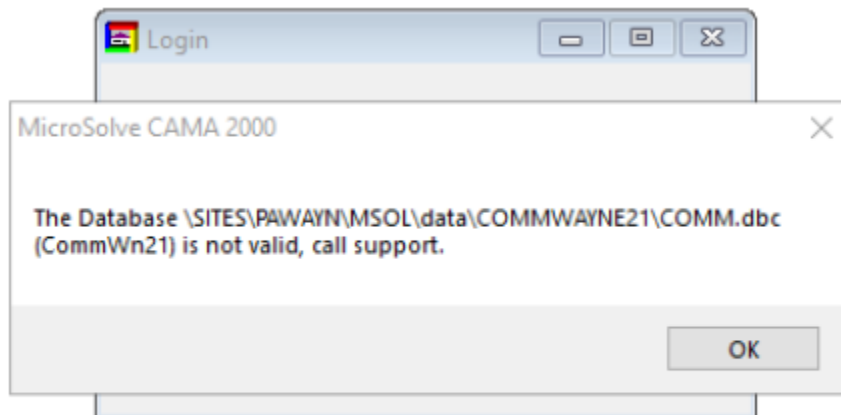

Now it is time to enter a second set of credentials Refer to

Assessor2k's Credentials Section for USERNAME and PASSWORD

MicroSolve/CAMA 2000 - 4.1.03a
File Edit Window Help
C:\Assessor2\GEOGRAPHIC\Dec

Although it appears to be an error, it is not. Click on the "OK" button and the program will continue to open

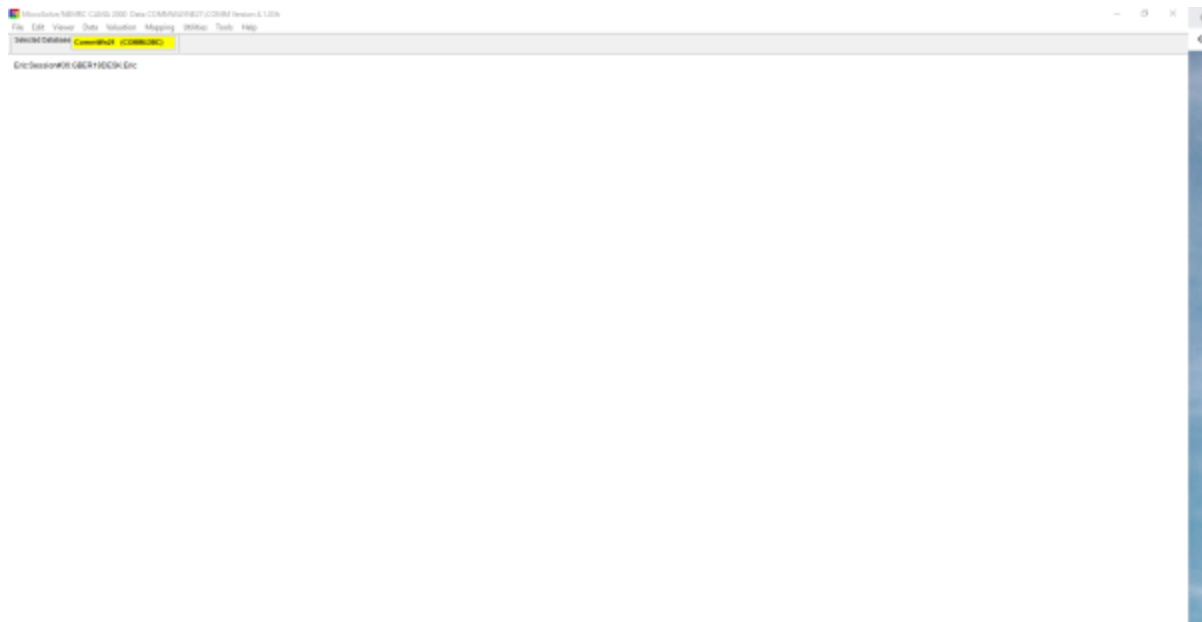

Step 4 - Using the Program

Now that you are logged into Microsolve, you can begin to find your way around the program.

First, let's display some data.

- Go to the top left corner of the program and locate the "Data" tab.
- Now, choose Display/Input. This will bring up the last property that was opened in the program.

<html> <p style="font-weight:bold; font-style: italic;">NOTE: The program can be slow, so we recommend you immediately go to the PDF version of the report. This can be done by clicking the printer icon on the report toolbar.</p> </html>

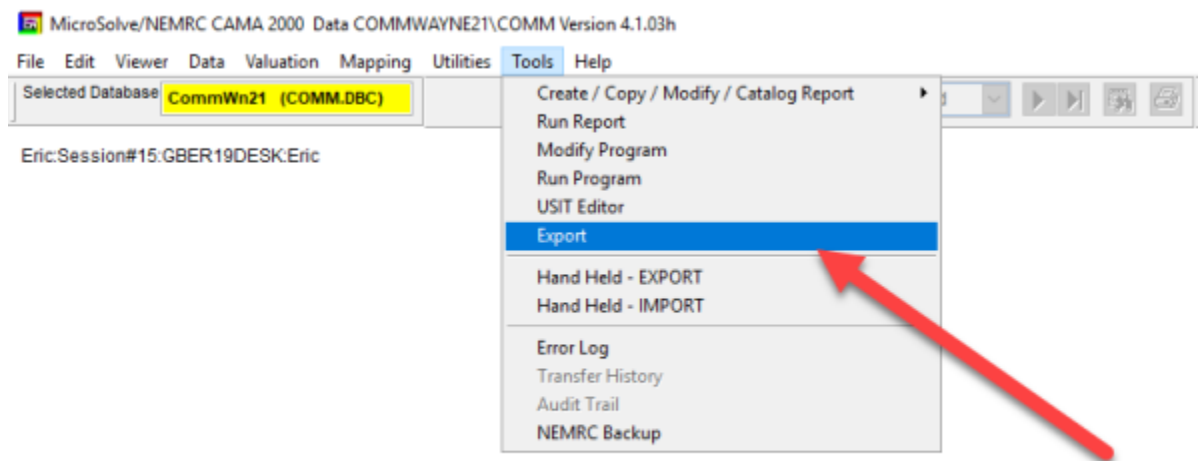

Once you PDF comes up in your PDF viewer, you can print like any other document.

Export Excel File With ALL DATA

The following instructions will teach you how to make a Microsoft Excel file out of all of the data in the database. IE. If you wanted to run a spreadsheet where all fields for particular parcels, or even filter results based on particular criteria.

- First, you must be logged into Microsolve. If you are not, follow the steps listed above.
- If you have a current parcel open, you must also close out of it by hitting the red x in the top right hand corner of the "Parcel Information" window

Go to the toolbar at the top of the program and select "Export" from the "Tools" dropdown menu.

- This will bring up the Extraction Menu
