# Assessor 2k User Support

General user support page for *Assessor 2k*

Requesting Assessor 2k User Support

**When requesting support please include answers to the following questions:**

1. Which computer are you currently experiencing the issue on? *(i.e., TaxRE110, TYL7626 and/or IP address)*
   - If unsure, **click the** Start **button and type "pc name" and select "View your PC name"**
   - Find your computer name next to "Device Name" (My computer is named "hal"):

- **To find your IP address:**
  - Click the Start button and go to Settings → Network & Internet
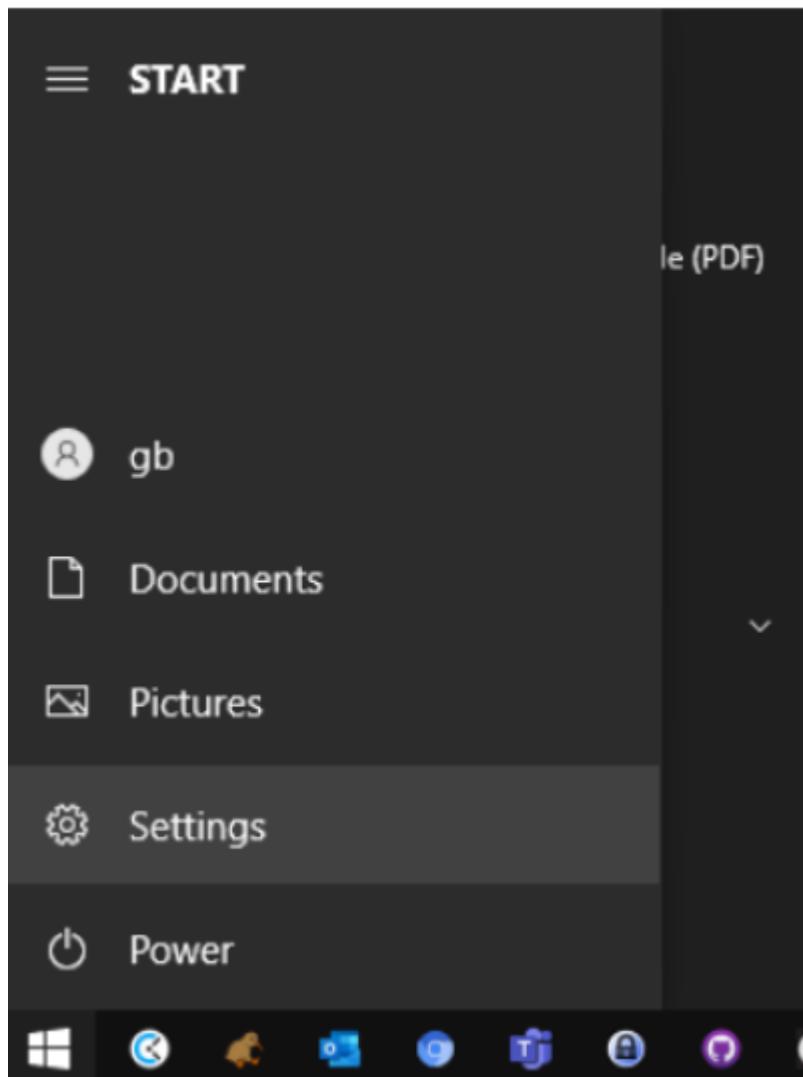

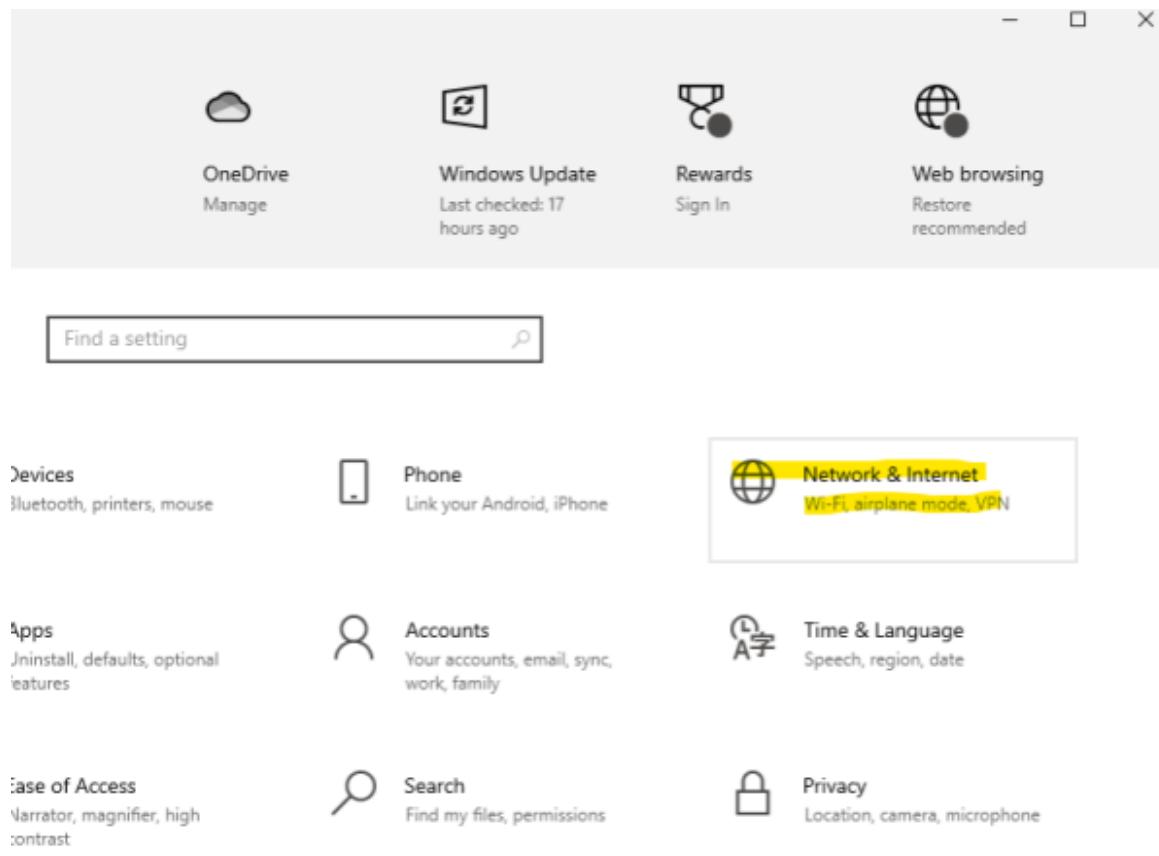

- If connected via Ethernet, select **Ethernet → Properties.** If connected via WIFI select **Wifi → Properties.**
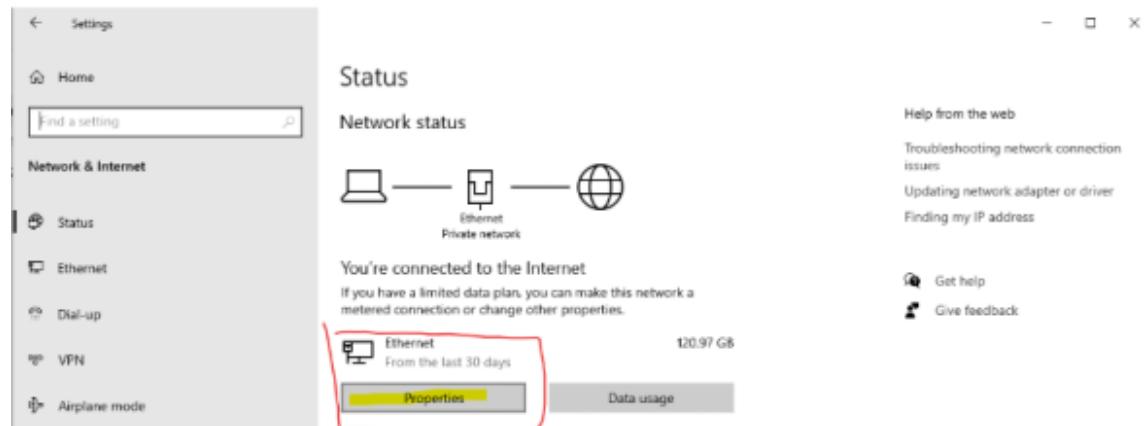

- Scroll down to **Properties** and *click* the Copy button

Properties
