Requesting Assessor 2k User Support

When requesting support please include answers to the following questions:

1. Which computer are you currently experiencing the issue on? (*i.e.*, *TaxRE110*, *TYL7626* and/or *IP address*)
 - If unsure, **click the Start button and type "pc name" and select "View your PC name"**

- Find your computer name next to "Device Name" (My computer is named "hal"):

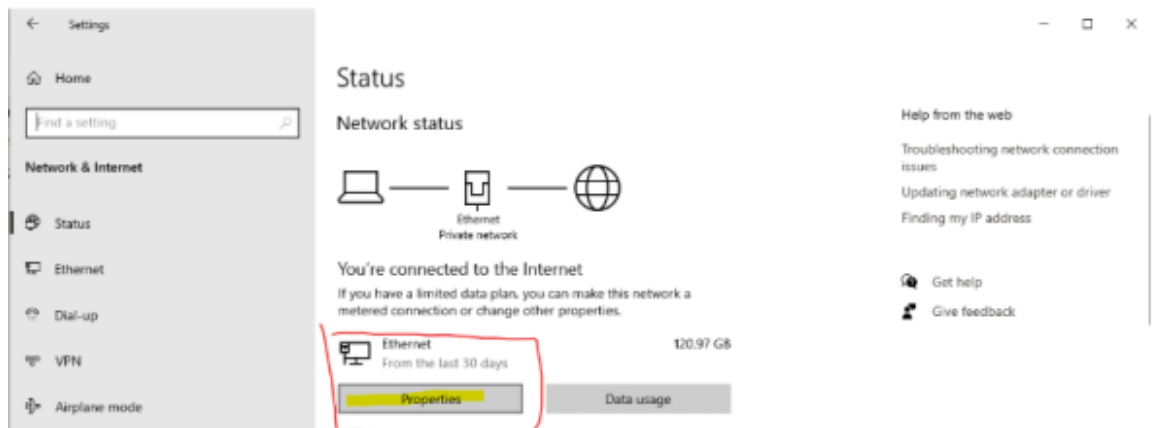

- **To find your IP address:**
 - Click the Start button and go to Settings → Network & Internet

- If connected via Ethernet, select **Ethernet** → **Properties**. If connected via WIFI select **Wifi** → **Properties**.

- Scroll down to **Properties** and **click the Copy** button

Properties

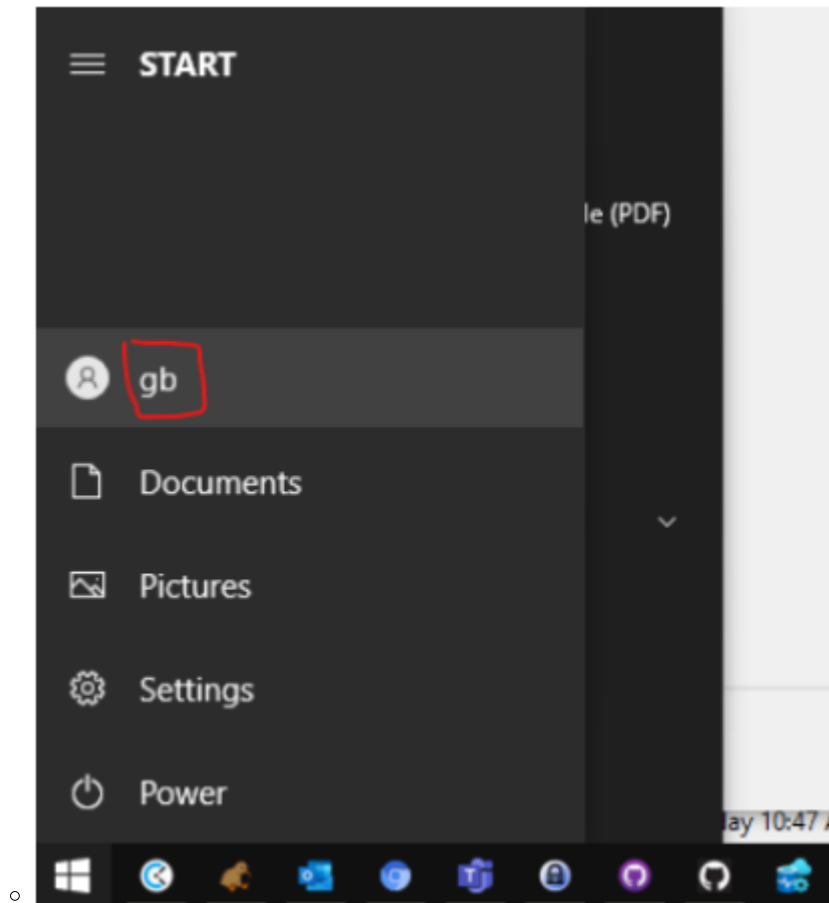

Link speed (Receive/Transmit):	1000/1000 (Mbps)
Link-local IPv6 address:	fe80::a874:3ef0:b4c9:f166%2

3. What is the version of Assessor2k you are currently running? (i.e., "v21.11.15")
 - See the bottom right corner of the master menu:

Support Request Template

- Which computer are you currently experiencing the issue on? (i.e., TaxRE110, TYL7626, and IP address)
- Which user are you currently logged in as? (i.e., tylerre10)
- What is the version of Assessor2k you are currently running? (i.e., "v21.11.15")
- Please describe the issue (**do** include any screenshots or text from error messages)

Assessor 2k Tips

How to force close Assessor 2k

Sometimes, especially when relinking between Central and Local, the Assessor program can get into a state where it is stuck and you are unable to exit the program. In that situation, follow these steps to force close Assessor2k:

1. Open task manager
 1. **Click the START or SEARCH button** and type "Task Manager", then **click "Task Manager"** under "Best match"

2.
