Forms Group

Table of Contents Form

Opens the Table of Contents Form.

Users Form

Opens the Users Form.

Trash Bin

Opens the Trash Bin Form.

Reports Group

Table of Contents Report

Opens the Table of Contents Report.

Review by Policy Report

Opens a form that allows you to select options and run the Review by Policy Report.

Review by User Report

Opens a form that allows you to select options and run the Review by User Report.

User Security Report

Opens the User Security Report.

Utilities Group

Update Page Counts Utility

Runs the Update Page Counts process.

Help Group

Online Help

Opens the context-sensitive online help.

Change Data Source Form

Allows you to change to a different data source or refresh the connection to the existing data source. You should not need to use this. It is here mainly for technical support to use when troubleshooting.

About Form

Opens the About form with current version information, copyright details, and other miscellaneous information about this program.
