- About Form

## Forms Group

### Table of Contents Form

Opens the Table of Contents Form.

### Users Form

Opens the Users Form.

### Trash Bin

Opens the Trash Bin Form.

## Reports Group

### Table of Contents Report

Opens the Table of Contents Report.

### Review by Policy Report

Opens a form that allows you to select options and run the Review by Policy Report.

### Review by User Report

Opens a form that allows you to select options and run the Review by User Report.

### User Security Report

Opens the User Security Report.

## Utilities Group

### Update Page Counts Utility

Runs the Update Page Counts process.

## Help Group

### Online Help

Opens the context-sensitive online help.

### Change Data Source Form

Allows you to change to a different data source or refresh the connection to the existing data source. You should not need to use this. It is here mainly for technical support to use when troubleshooting.

### About Form

Opens the About form with current version information, copyright details, and other miscellaneous information about this program.
