

# Users Form

This form lists all the users who have used this program.

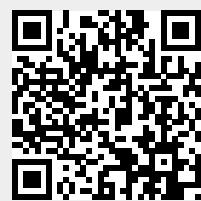

Users may not be added or removed, even by Administrators. The first time a new user uses the program, the program creates an entry in this user list. The user is created with **Reviewer** access only.

## Reviewer Role

A Reviewer may review policies in read-only mode.

Only users with the Reviewer role will appear in the [Review by Policy](#) and [Review by User](#) reports.
