

# Assr Data By Name

This report prompts the user for an owner name, last name first with no punctuation. It then produces a list of all the properties with an owner name that matches the one input by the user in the Assessment system. As of 10/20/17 this report has only been implemented in the Wayne County version of the Tax Claim program.

# Balances By Name

This report prompts the user for an owner name, last name first with no punctuation
