

Assr Data By Name

This report prompts the user for an owner name, last name first with no punctuation. It then produces a list of all the properties with an owner name that matches the one input by the user in the Assessment system. As of 10/20/17 this report has only been implemented in the Wayne County version of the Tax Claim program.

Balances By Name

This report prompts the user for an owner name, last name first with no punctuation
