Collection Total provides you with tax totals collected between dates that you specify.

Homestead Totals

Homestead Totals provides counts of the paid/unpaid bills entitled to the Homestead exemption.

Late Receipts

Late Receipts displays payments recorded between two user specified dates that were posted after their due date. Everyone realizes that some payments will be recorded after the due date because of mail delays or for other reasons so the inputs include a Grace Period that will cause the report to ignore payments recorded within that many days of the due date. The report displays payments where the Payment Date is after the Start of Face for discount payments, after the End of Face for face payments, or after the respective installment due date for face installment payments.

Set Print Flag

The set print flag button sets or the print flag for every record of a selected tax type. The print flag for an individual bill can be turned off and on from either the Receipt Form or the Change Form.

Clear Print Flag

The clear print flag button clears the print flag for every record of a selected tax type. The print flag for an individual bill can be turned off and on from either the Receipt Form or the Change Form.
