The Unpaid Bills button will print bills for those that remain unpaid. Real Estate and PerCapita/Occupation print separately. We have placed the address on the bill to show through a window envelope after folding.

An asterisk (\*) appears next to the bill number for properties that are for sale by Tax Claim. Unpaid bills can be selected by zip code, leave this field blank to print all unpaid bills.

The report displays payments where the Payment Date is after the Start of Face for discount payments, after the End of Face for face payments, or after the respective installment due date for face installment payments.

## Set Print Flag

The set print flag button sets or the print flag for every record of a selected tax type. The print flag for an individual bill can be turned off and on from either the Receipt Form or the Change Form.

## Clear Print Flag

The clear print flag button clears the print flag for every record of a selected tax type. The print flag for an individual bill can be turned off and on from either the Receipt Form or the Change Form.

[illegible]

The Mort Co Report button will prompt you to select a mortgage company and tax type (Municipal or School) then list each bill with the bill number, tax map number, owner name, description of the tax and the taxes at discount, face and penalty for the selected mortgage company. If the mortgage company is left blank, then the program will print receipts for the bills with the print flag set.

The Labels/Envelopes button will print labels and envelopes based on the status of the print flag. The program is setup to use labels 1 x 2 5/8; this corresponds to Avery number 5160.
