## Unpaid Bills

The Unpaid Bills button will print bills for those that remain unpaid. Real Estate and PerCapita/Occupation print separately. We have placed the address on the bill to show through a window envelope after folding.

An asterisk (\*) appears next to the bill number for properties that are for sale by Tax Claim. Unpaid bills can be selected by zip code, leave this field blank to print all unpaid bills.

## Unpaid Labels/Env

Unpaid Labels/Env will print labels or envelopes for unpaid bills.

## Collection Totals

Collection Total provides you with tax totals collected between dates that you specify.

## Homestead Totals

Homestead Totals provides counts of the paid/unpaid bills entitled to the Homestead exemption.

## Late Receipts

Late Receipts displays payments recorded between two user specified dates that were posted after their due date. Everyone realizes that some payments will be recorded after the due date because of mail delays or for other reasons so the inputs include a Grace Period that will cause the report to ignore payments recorded within that many days of the due date. The report displays payments where the Payment Date is after the Start of Face for discount payments, after the End of Face for face payments, or after the respective installment due date for face installment payments.

## Print Flagged Bills

The Flagged Bills button will prompt you to select a mortgage company and tax type (Municipal or School), and then print bills for all bills of that tax type for the selected mortgage company. If the mortgage company is left blank, then the program will print bills for the bills with the print flag set.
