Select New File

Click [Browse...] to choose a different electronic file. If you have a .csv file, you can change the file type via the drop-down in file explorer.

File Has Header Row

File has header row

Checking this box will remove the first row in the file during the import process. This is to handle electronic files that have a "header" row.

For example:

- CtlNumber,PaidBy,Bill,PaymentAmount

If in doubt, you can see how checking/unchecking the box will affect the options in the identifier combo boxes. If you don't see any header row, you can leave this box unchecked.
